## MY13 Highlights

### All-New 6<sup>th</sup> Generation SL-Class Roadster

Set to premiere at the upcoming 2012 North American International Auto Show in Detroit, the SL-Class is poised to raise the collective pulses of sportscar aficionados from coast to coast.

The new SL offers striking design, powerful performance and incredible levels of refinement and innovation. An icon of our brand, 2013 SL-Class highlights include:

- Intelligent, lightweight design with innovative components such as an all-aluminum bodyshell
- Critically acclaimed next-generation 4.6L Bi-Turbo V8 engine with direct injection
- 429 horsepower and 516 lb-ft of torque, 0-60 mph in 4.5 seconds
- Class-leading safety and available driver assistance systems
